

Edmonton Bulletin.

VOL. XVII. No. 80.

EDMONTON, ALBERTA, MONDAY, AUGUST 5TH., 1895.

SEMI-WEEKLY, 4 PAGES.

TELEGRAPHIC.

TERRITORIAL EXHIBITION.

REGINA, August 5th.

Judging the exhibits was concluded on Friday. Northern grain had no chance, being two weeks behind. Stock left the grounds yesterday.

T. Hourston, Edmonton, first prize for animals' (musk ox) heads.

Thos. Henderson, of Rabbit Hill, first for honey.

Miss Irwin, of Fort Saskatchewan, first for butter.

R. McKernan, South Edmonton, first for timothy seed and second for cultivated grasses.

Allen beat Moosewa in the hundred yards race. It was a good race.

Jessup's horse, of Red Deer, won the mile race.

McNamara won the mile Novice race and half mile championship of the Northwest Territories, half-mile handicap and Territorial record mile in 2:31 4-5. Also three minute class race and 2nd in five mile.

The exhibits are 100 per cent. above any shown in Manitoba.

The vice regal party visited Qu'Appelle Industrial school on Saturday and went yesterday to Calgary and Edmonton.

Weather fine.

Racing to-day.

Winnipeg, August 5th.

There is a short crop in England.

Regina fair was open on Sunday.

A great battle is reported from Cuba.

Christian ladies were murdered at Kuching.

There were fires yesterday at Holbrook and Aurora, Ont.

The Defender beat the Vigilant in Saturday's yacht race.

Suicide in the German army is becoming alarmingly frequent.

Sprague was almost completely destroyed by fire on Saturday.

No new developments were recorded in the Holmes case on Saturday.

Turkey's reply to the powers regarding Armenian reforms is not satisfactory.

Twenty rioters were killed by Persian troops at Tabriz. Rioting continues.

Quinlan has made a confession in the Holmes case which will probably save his neck.

Six hundred men were killed in a battle between Turkish troops and Macedonian insurgents.

Deaths: Geo. E. Jacques, Montreal; Mrs. Nichol Kingsmill, Toronto; J. M. House, Minneapolis, Minn.

A plot to take possession of Honolulu and restore the ex-queen to her throne has been revealed in San Francisco.

There is great indignation among the negro population of Washington over the shooting of two colored boys by society people.

John Little, teamster, fell from his wagon on Saturday and broke his neck. He is in St. Boniface hospital, still living and may recover.

Premier Bowell, Hon. Mr. Daly and Lieutenant Governor Shultz are at Vancouver, conferring, it is said, on the school question.

The proposal is made that wealthy Roman Catholics shall purchase Rome from the Italian government so that the Pope may again be a temporal ruler.

British politics are in a quiescent state just now. No legislation is contemplated for the short session of parliament which opens on August 12th.

LOCAL.

TRAIN 35 minutes late leaving Calgary.

OLIVER MAY left for Stonewall, Man., on Friday's train.

JAS. WALSH, bar buyer, started on his vacation trip on Friday's train.

J. A. McILROY, M. McCauley, and Mr. McDougall's two sons, John and James, left for the Landing on Saturday for a short outing.

On the rumor that Judge Meredith is likely to become premier of Canada, the Calgary Tribune remarks that "The conservative party is not too-doo hunting at present."

C. N. BELL, grand master of the grand lodge of Manitoba, A. F. & A. M., will arrive on Monday, August 5th, on an official visit to Edmonton lodge No. 53, and will leave for Calgary on Tuesday.

In a recent article the Calgary Herald alludes to the BULLETIN as the second liberal organ in the Northwest. While the insinuation of the Herald that the BULLETIN is the organ of any party is as false as it is foolish as long as the Herald does not accuse the BULLETIN of being an organ of the conservative party it is safe from a libel suit.

The following telegram appears in the last issue of the South Edmonton News: Calgary, July, 31st. At the residence of Mrs. Trimble last night, by the Rev. T. C. Buchanan Mr. R. P. Pettipiece, proprietor and editor of the South Edmonton News, was married to Miss Nellie Bielby, third daughter of Mr. John Bielby, of Leduc. Miss Carrie Trimble was bridesmaid and Mr. Everett Marshall supported the groom. The happy couple left for Regina on the midnight express.

A TELEGRAM was received this morning by P. L. McNamara from his brother, S. B. McNamara in Regina, dated Saturday, announcing that Mr. McNamara had won the mile "Novice" race in two minutes and fifty-three seconds, and the half mile Northwest championship race in one minute and ten seconds. He was second in the mile championship race, which reduced the Territorial record from 2:50 to 2:31. His time flattened out in this race, which probably accounts for his defeat. He lost the half mile handicap, which was won in one minute and five seconds. The weather was windy. He is trying to break the Manitoba record to-day.

F. MARRIAGGI left two ripe tomatoes, grown by him, at the BULLETIN office on Saturday last.

JOHN BURKE's mining scow has been taken down the river from Fraser's landing to commence work.

Crops in the Rabbit hill settlement are ripening fast and are fairly good. Cutting will commence in a week or ten days.

D. MALONEY and James Simpson, M.L.A.'s for St. Albert and Red Deer respectively are at Regina taking in the exhibition.

COPIES of the Northwest ordinance respecting prairie and forest fires printed on linen are being distributed by the Dominion lands department.

JOHN FREDERICK, of the settlement seven miles southeast of Leduc, lost his crop of about 50 acres by a hail storm on July 25th.

W. Bradner, a neighbor, also lost the greater part of his crop, and several other neighbors suffered a partial loss.

It is expected that barley cutting will commence on Stony Plain about Aug. 10th, and the wheat will be cut immediately after.

The crop is good throughout. A much larger acreage is sown than last year and the crops will be fully as good.

The new organ for the Presbyterian church arrived on Monday's train and was used for the first time in the services of yesterday.

It has a double keyboard and the case is finished in walnut. It is a first class instrument and will no doubt add greatly to the attractions of the musical part of the service.

HARVEST will commence in the Agricola settlement not later than August 10th or 15th. Crops are good and the grain is well filled.

Some small patches of wheat are backward owing to a worm working in the root of the grain which delays and stunts the growth. But its effects are not so general as to lower the total yield noticeably.

A SEVERE hail storm two miles in width passed across the Pigeon lake trail about 20 miles this side of Pigeon lake last week. It just touched the western edge of the Leduc settlement about 14 miles west of the town, near Conjur creek. The hail stones are said to have been as large as hen's eggs.

The grass was beaten into the ground and the leaves knocked off the trees.

J. ALDEN LORING, United States government naturalist, arrived from Washington on Thursday's train, to make an examination under instructions from the United States department of agriculture, of the subjects of natural history in and about the Jasper pass.

He has arranged with D. E. Noyes, trader, who is well acquainted with the pass and the way to get there, to accompany him and will start in a day or two.

He has already visited other parts of the Northwest in the interests of his department.

Rev. A. STUNDEN and Rev. H. A. Grey returned on Friday from Wetaskiwin where they had been attending the dedication services of Immanuel church, which were held on Thursday evening. Tea was served at 6 p. m., after which the dedication sermon was preached by Bishop Pinkham.

On Friday morning at 7:30 the service of holy communion was held. The church is not quite completed but is ready for service and as far as completed is free from debt.

Bishop Pinkham returned to Calgary on Friday's train.

H. VIZINA came in from the Landing on Saturday with four teams loaded with fur for the Hudson's Bay Company. Heavy rains occurred at the Landing on Saturday night and Sunday night, July 27th and 28th.

The flat at the Landing was almost flooded with water and the road was very muddy and the creeks high, as a result of the rain, from the Landing to this side of the Vermilion. This rain seemed to have put out the fires which could be seen near the Landing road on the trip out. It is to be hoped that it spread far to the north and west.

Calgary Tribune: A party of twelve Ontario farmers, from the counties of Middlesex, Huron, and Perth, went north on this morning's train to points along the C. & E. railway. They reported a very deplorable crop condition throughout the western portion of the province and said that the reports sent out have not been to the slightest extent exaggerated.

Every green thing that the drought spared the grasshoppers are eating up. Cereals will be less than half an average crop; hay is a total failure and there is practically no feed for the cattle next winter. Farmers are almost in despair at the gloomy outlook.

W. EASTON's gold dredge which is working at the Miners' flat, is said to be doing good work and giving a satisfactory return.

Three men are required to work it and its output averages \$9 a day, or \$3 to the man, while near it and in similar ground two men are working with a grizzly at \$1.25 a day. The gravel can be raised faster than it can be washed. A scoopful is raised in a minute and a half without extra exertion.

This is the first dredge of any kind that has been worked on the river with success, but no doubt now that it is a success it will be followed by many dredges both large and small. As in the essential part of its working it is similar to the steam dredge no doubt the larger enterprise will be proportionately successful.

TEN Martini Henry rifles were received on Thursday by the Edmonton rifle association from the militia authorities at Ottawa.

They came to Fort Saskatchewan with ten to the Fort Saskatchewan association.

These rifles are nearly six inches shorter and considerably lighter than the Snider rifles hitherto in use. The bore is also much smaller, and the workmanship finer. They are sighted for 1,500 yards while the Snider was sighted for 1,100. The breech action is very different. There is no needle visible, and the motion of the lever in opening the cartridge chamber ejects the old shell and cocks the gun. These rifles, which superseded the Snider in the British service, are now superseded by the Lee-Metford magazine rifle having 3,000 yards range.

By resolution of the association the Martini rifles will be taken charge of by the ten members of the association making the highest scores at the practice matches held on Saturday afternoons. Other members will be allowed to use them.

LORD AND LADY ABERDEEN visited Fort Qu'Appelle on Saturday.

COLIN FRASER, trader, left for the Landing on Saturday on his way to Chipewyan.

MISS HENDRIE left for her former home in Hamilton, Ont., on Tuesday's train of last week.

The wind and rain storm of Saturday, which was so heavy in town, was not nearly so severe on Stony Plain.

MRS. HANNA, widow of the late Rev. Geo. Hanna, arrived on Thursday's train and is the guest of Mrs. Blowey.

EGGS are getting scarce at 12 1/2 to 15 cents. Butter is still plentiful at 15 cents and in some cases is being refused at that price.

MRS. REID and children and Mrs. Glass, of Lacombe, arrived last week on a visit to Mr. and Mrs. Lockhart. Mrs. Reid is a sister of Mr. Lockhart. They drove all the way, about 80 miles.

Rev. FATHER LACOMBE has a long letter in the Calgary Tribune denying the Herald's assertions regarding the half breeds of the Northwest in general and of Lac la Biche in particular.

On Friday's train 25 settlers came north. Seven came from Ontario, one from Scotland and seventeen from the United States.

Of these fifteen came to Edmonton and the rest were distributed along the line.

The last issue of the Edmonton edition of the Calgary Herald devotes its solitary home grown editorial to the editor of the BULLETIN. The Herald is using more zeal than discretion in advertising the "purely business" purpose for which it exists.

M. J. O'BRIEN, of Renfrew, Ont., brother-in-law of W. Barry, of Belmont, arrived on last train to look up the desirable features of the Edmonton district. It is probable that Mr. O'Brien's visit will result in a considerable movement of settlers from Renfrew to Edmonton.

A FOOT BALL match took place on Saturday afternoon in South Edmonton between South Edmonton and Agricola teams. The play lasted for 38 minutes, when it was cut short by the thunderstorm without either side having scored. The game will be finished at a later date. A. Grierson, Edmonton, was referee.

THE annual picnic of the Baptist church Sunday school took place on Friday last at Groat's grove on the flat at the junction of the Crooked creek with the Saskatchewan. Buses conveying the Sunday school children and their friends left the Baptist church at 10 o'clock. The swings were arranged, the tables were spread and between twelve and one o'clock dinner was served, at which about 75 sat down. The afternoon was spent in swinging and other amusements and a very enjoyable afternoon was spent. Tea was served at 6 o'clock, of which fully 100 partook. The entertainment was concluded about eight o'clock. The day was fine throughout, but very hot.

A PRIVATE letter from J. H. Kelly, which was received on Thursday's train, stated that the Salvation army party whom Mr. Kelly was driving, were at Duhamel settlement on Battle river that day. They intended going on from there to Buffalo lake and Red Deer river before coming to the railway. Their trip is occupying more time than they had intended, which indicates that the have seen a district which interests them.

J. F. SMITH, land guide of South Edmonton, returned on Friday from a trip to Beaver lake and return by way of Hay lakes with a party of settlers. Crops are shorter at Beaver lake than at Edmonton, but are further advanced. The heaviest crops he says are on the south side Indian reserve amongst the settlers from Glencoe, Minnesota, who came a year ago last spring. The only danger is that the crop may be too heavy. It will be ready to cut in from one to two weeks. He was conducting a party of land prospectors, who arrived from England two weeks ago. They located on sections 14 and 16, township 50, range 23, on the upper part of the Clearwater creek. The names are: Thos. Simpson, Fred Smart Budden, E. W. Budden, M. F. Budden, and Mr. Palmer. Mr. Budden, sr., has eleven children.

From F. Union Co. about six weeks ago a light brown mare, six years old. No brand. Two front feet white, hind feet white, white face, small lump on left shoulder near the neck. \$5 reward will be given for information leading to her recovery.

80-3m LOUIS VANACKER, St. Albert.

NEW ADVERTISEMENTS.

NOTICE OF SALE.

Notice is hereby given that the land, fence, school house and furniture held by the former Belmont School District No. 23 will be offered for sale by public auction on Saturday, August 31st, at 2 p. m. at the school house.

The land includes three acres more or less of the N.E. corner of N.E. 1 of Sec. 15, Tp. 53, R. 24, and is situated on the Saskatchewan trail about 3 1/2 miles from the post office. This property is well situated for a market garden and has a good well on it.

TERMS:—Sums under \$10.00, cash; over that amount 20 per cent. of purchase money down, the balance in six months on furnishing satisfactory security.

EDMONTON BULLETIN, AUGUST 27th, 1895.

PUBLIC WORKS EXPENDITURES.

The announcement of a proposed change of policy by the Territorial executive in the distribution of the moneys appropriated for public works is a matter of very considerable importance, not only by reason of the amount of money involved but still more by reason of the purposes upon which it is to be expended. Probably no other part of the Territories is as deeply interested in the amount and methods of expenditure of the road money as Northern Alberta, owing partly to the nature of the soil, the amount of timber and the physical features of the district, and partly to the influx of settlement necessitating the opening up of new roads in all directions and in localities where a year or two ago a road was never dreamed of, needed or considered possible. Under such circumstances the amount of money available is important, but the method of its expenditure is doubly so. A change in the method of the expenditure of public works money which has been in practice since the session of '88 has been talked of for several years, the chief reasons assigned being that it was unusual and unconstitutional. As to the first it might be answered that the circumstances were unusual, and to the second that no method of expenditure is unconstitutional that gives the best results for the least money. The system adopted in 1888 of an equal division of the money amongst the several constituencies and expenditure on the recommendation of the member for the district, was to a great extent forced by the then existing conditions. The immense distances, the lack of municipal organizations, the pressing necessity for minor works and the lack of adequate means to undertake greater works, all pointed out clearly that to undertake expenditures only after the executive had assumed responsibility for their necessity and propriety and the house had voted the money would defeat the very object for which the money was provided as it would cause the greater part to be eaten up in expenses of management. While it might ensure that one dollar would be expended where and in the manner in which it would do the most good it would cost five dollars to so expend it. Besides, the control of the assembly over the funds and the responsibility of the executive to the house had not been established, and it was felt that although the system of an equal division really meant great inequalities according to the varying needs of the several districts, it was better to have an inequality on a fixed basis than to have arbitrary distribution by an authority which the assembly could not control, which might easily result in still greater and more unjust inequalities. It was a system which threw more than the proper share of responsibility upon the representative, but at a time when the representative could not exercise a proper measure of control over the executive protected him and his constituency from undue pressure by that irresponsible executive in the matter of public expenditures. It is not too much to say that half the battle for the present responsibility by the executive to the house was fought when the system of an equal division of the public works money amongst the constituencies was adopted.

At the same time the system had its objectionable feature of an unjust though nominally equal division, which the greater increase of settlement in the northwestern part of the country has added to. Although municipalities have not materially increased, statute labor districts, which are in a portion to assume responsibility for a position of the smaller works, have, and above all the full responsibility of the executive to the house has been establish-

ed. All this being the case, it seems a proper time at which to make a change of method which shall be more in accord with the actual needs and present conditions of the Territories, which shall cut off the abuses of the present system and secure the fullest actual value for every dollar of expenditure.

And yet it would not be well to forget that the conditions in the Territories do not as yet in many essential respects approximate those in any other province and that therefore it will not do to say that because a certain system is acceptable there it would work well here. Although statute labor districts have increased in number, they are not yet sufficiently numerous to assume the responsibility for all the minor works required. And besides, the statute labor districts themselves are as yet in an experimental stage and may not be in the very best possible form for work. Each statute labor district can very well take the management of expenditures within its own limits, but many expenditures are necessary outside of statute labor districts and in localities where no such districts are or likely to be formed. And the Territorial government can not—or at least should not—ignore the public needs in such places. In fact the conditions outside statute labor districts remain exactly as they were before, and probably no cheaper or more actually effective method of handling them can be found than that now prevailing. Certainly it will not do to ignore the need of such expenditures nor will it do to require the cost of putting a new plank in a bridge or the corduroying of a mud hole caused by unexpected rains or unexpected fencing of a former trail to await a vote of the assembly. There must be some local authority with means to provide for such contingencies as they arise.

As to the expenditures required on larger works there is no question that all such works, involving an amount of money that will warrant the expenses of proper supervision, should be undertaken on the responsibility of the executive with the authority of the house, and not be left to the recommendation of a single member or fail to be undertaken because the grant to the single district in a single year is inadequate for the purpose. The greatest disadvantage of the present system lies in that it does not favor the construction of important works, but rather the frittering away of the grant on less costly and often much less necessary works. A plain instance of this kind occurred in the adjoining constituency of Red Deer at last election. Because the then setting member, Mr. Wilkins, had used almost the total grant coming to his district for the construction of a traffic bridge across the Red Deer river,—a work of the greatest necessity and utility,—other parts of the district feeling that they had been stinted in their needs in order to build the bridge at Red Deer, promptly voted Mr. Wilkins out. A system which so seriously handicaps important and necessary enterprises should certainly be improved or abandoned.

THE ARMY SCHEME

This is the explanation the Canadian Gazette (London) makes of General Booth's colonization scheme: The plan which the Army authorities have submitted to the Dominion Government lacks nothing in courage. They ask for a tract of land to be made over to the "General" in trust for the Army, such land to revert to the Government should it ever be devoted to any uses other than those specified in the agreement which the Government might see fit to make. We do not quite know where such a tract of Government land is to be found under the system of alternate Government and railway or company sections adopted on the prairie. They also ask for a bonus of so much a head on suitable immigrants, a loan being made to the Army to be repaid by the number of responsible and fit settlers brought to Canada. The Army would put \$125,000 into the scheme at the very start and \$25,000 a year for several years after. Says the "Commandant":

"Not only would immigrants be sent out by the Army from England, hundreds of families in the United States, in Australia, in Scandinavia and all over the world who have been brought under the influence of the Army, and who do not require financial assistance, would flock to Canada to live, work, and be buried in a colony which was being operated by their brethren of the Salvation Army. Does the government of Canada want men? Here then is a grand chance to get them, and to get the very best and most suitable ones. I know there are some people who say 'Oh but we want practical English farmers who have £200 or £300 in their pockets to come and settle in our North. We

west.' I daresay; a very laudable wish, but I tell you, you are not going to get many of them. When a man has a comfortable home in England and has spent his life in scraping together £200 or £250, he is not going to leave everything and come out to a strange country and invest what he has labored so hard for among strangers, and really begin life over again."

MORTGAGE SALE

OF IMPROVED

Farm Property!

Under and by virtue of a mortgage made in pursuance of the Territories Real Property Act, by Samuel Cunningham to the Manitoba Mortgage & Investment Co. Ltd. dated the 4th day of June 1895, there will be offered for sale by public auction at the Robertson Hall in the Town of Edmonton on Saturday, the 10th day of August 1895, at 2 p. m. the following lands:

1. Lot number 2 of the settlement of St. Albert, 168 acres more or less.

2. The most southerly 15 chains of the fractional northeast quarter of section 34, township 53, range 26, west of the 4th meridian, 60 acres more or less.

3. Lot "A" of the settlement of St. Albert, 212 acres, more or less, except 10 acres, more or less, of the northeasterly portion.

The three above mentioned parcels of land were occupied as one farm known as Samuel Cunningham's farm, but will be put up in one block or in two parcels as purchasers may desire, parcels 1 and 2 to form one block and parcel 3 the other.

The farm is 13 miles from Edmonton, about 3 miles from St. Albert, and 1 1/2 miles from a school. It is beautifully situated on the north side of "Big Lake," is watered also by the Sturgeon River, about 50 acres has been under cultivation. It produces abundance of hay each year, is admirably adapted for grain growing, stock or mixed farming. There are on it a good commodious dwelling house with out-buildings, a second dwelling house, two stables, a granary, etc.

TERMS: 25 per cent down at time of sale, the balance in one month without interest.

Further terms and particulars can be obtained by application to the undersigned.

BECK & EMERY, Advocates for the Vendor. W. S. ROBERTSON, Auctioneer. 75-81

HURRAH!

Wetaskiwin to the Fore

And asking for entries for a Novelty Race to be held at Wetaskiwin in September (exact date given later on) twenty-five miles, each man entering to have five horses owned by himself, the riders to be catch weights, but one rider must ride the whole distance, changing horses every 15 miles or less, but not more; the horse to be ready for rider with or without saddle at owner's option every 15 miles. Entrance fee \$10 for five horses, for a purse of \$150 for first, and second to receive double his entrance money.

This race is open to all in Alberta. The track will be in good shape and is a three-quarter mile circular track. Every accommodation will be accorded visitors. For further particulars enquire of or write to B. F. BOYCE, Wetaskiwin.

NOTICE.

IN THE SUPREME COURT OF THE NORTH-WEST TERRITORIES, NORTHERN ALBERTA JUDICIAL DISTRICT.

In the matter of the real and personal estate and effects of Wm. Rowland, deceased.

Upon the application of William Rowland, the administrator of the real and personal estate and effects of Wm. Rowland, deceased, and upon reading the affidavit of Wm. Rowland, aforesaid,

I DO ORDER: (1) that all persons and creditors having any claim against the estate of the deceased do the same with S. S. & H. C. Taylor, of Edmonton, aforesaid, advocate for the said Wm. Rowland as administrator, aforesaid, within three weeks from the publication of this notice in the Edmonton Bulletin, a newspaper printed and published at Edmonton semi-weekly, accompanied with and verified by a statutory declaration of the same.

(2) That this order shall be published in the said newspaper twice in each week for four successive weeks and that it be a sufficient notice to all persons, that at the expiration of the time fixed above the said S. S. & H. C. Taylor shall be at liberty to distribute the assets of the said deceased or any part thereof among the parties entitled thereto, having regard only to the claims to which the said S. S. & H. C. Taylor had then notice, and that the y shall not be liable for the Estate or any part thereof so distributed, to any person of whose claim the said S. S. & H. C. Taylor shall not have had notice at the time of the distribution of the estate or any part thereof as aforesaid.

Dated at chambers at Calgary this 13th day of July A. D. 1895.

EDMONTON, ALBERTA.

PORT SASKATCHEWAN, ALBERTA.

Greater interest than ever before is being shown towards the development of Northern Alberta's mineral resources. Boring for petroleum at Athabasca Landing is expected to come to a successful issue within the next few days.

Prospecting out about the Jasper pass for gold quartz and mica—samples of both of which have been brought in, washing for gold on the Macleod river and also on the Athabasca and the numerous new devices being tried on the old original stand-by, the North Saskatchewan river, for taking out the millions of dollars of gold known to exist in it, will all do more good than anything else possibly can, to attract immigration and capital. The government should make liberal concessions, if asked, to the enterprising individuals who are engaged in developing our mineral wealth. The new steam shovel gold dredge, is a fine piece of workmanship and everybody wishes its promoters the success they deserve. Another dredge, on a smaller scale, will be on the river shortly. It is a steam suction affair, and as suction dredges are employed profitably in British Columbia and other places, there is no doubt it will be made to pay. Of course it can hardly be expected that things will go smoothly at first on either of these dredges, as like all new enterprises, experience alone will make them perfect.

Barley cutting commences this week. Crops about 15th instant and wheat 25th. Crops of everything very fair as an average.

The new Presbyterian church is nearing completion and presents a very neat appearance and is quite an acquisition to the town. The Messrs. Hall are the builders.

Enquiries among the settlers show a lot of dissatisfaction with the present high rates of freight on grain (which will be ready for export shortly) to points east of Vancouver. A large trade can be done with points in the interior, if reasonable freight rates be given, otherwise it cannot be done. 35c. to points a long way east of Vancouver and only 35c. to the latter does not seem right. If the C. P. R. wants Northern Alberta to progress it should get down to business and not do as it did last year, try and strangle the infant—instead of letting it suckle. Infants do not grow unless fed.

August 1st, 1895.

RED DEER.

The farmers in the vicinity are busy putting up hay at present, for which purpose the weather is excellent.

Mrs. R. Beer, of Hobbema, is in town on a visit to her mother, Mrs. Burch.

H. C. Cherry, who had been attending the Winnipeg exhibition, returned on Thursday's train. Mr. Cherry also visited Brandon and Regina.

Miss Martin, of High river, who has been visiting Mrs. Locke for the past few days, returned home yesterday.

A sidewalk has been built between Sharples' store, and the building formerly occupied by R. L. Gaetz, which is a great improvement, both in appearance and convenience.

Messrs. Brumpton & Gaetz are busily engaged in stockpiling. It is just a year since they entered into partnership.

During the absence of Mr. Jessup, who has gone to the Territorial exhibition, Mr. Almon, of the Edmonton office, has charge of the Dominion land office here.

F. E. Davis, of Grenfell, Assn., who has been in town for a few days organizing a lodge of the Independent Order of Foresters, leaves by to-day's train for Edmonton. He succeeded in starting a lodge here with a membership of about eighteen.

July 31st, 1895.

GENERAL NEWS.

Montreal Trade Bulletin: The fact that Canadian bacon sells in the English market at 4s to 4s 6d per cwt. more money than American bacon commands is sufficient proof of the superior quality of the former; and it also demonstrates that a choice article is appreciated there. There can be no doubt that Canadian bacon is gradually gaining favor in Great Britain, and now that it has become well known will no doubt command a ready sale in the foreign market.

Free Press: The "Soo" line is to be lifted and illuminated the entire distance of 170 miles, between Piquette and the boundary, and gauge of piers are to be put on the main line between Port William and Medicine Hat, to put the track in first class condition for the expected heavy traffic of the fall and winter. This work will require a large number of laborers, and after trying for three weeks to secure the men here, the company reluctantly sent their agent to Ontario to engage them.

Montreal Trade Bulletin: Later reports of the crops in Ontario confirm the statements made in the Trade Bulletin of last week, to the effect that the discouraging reports which appeared in some despatches from the west were very much exaggerated and overdrawn; and despite all assertions to the contrary, we maintain that the dry season has been favorable for wheat, although the growth of the straw may be stunted. We have never known a dry season yet that did not turn out much better than expected, for the reason that the growth of straw being below the normal, gives an impression that the wheat is also a poor yield; whereas it has frequently occurred that a stunted growth of straw produced full ears of plump wheat.

The Winnipeg Tribune gives the following summary of entries at the Regina exhibition:

Horses	420
Cattle	535
Sheep	385
Pigs	270
Poultry	720
Fish	5
Dairy products	700
Food grains, etc.	400
Fruit, nuts and vegetables	1320
Swine	16
Plants and flowers	175
Game birds	15
Bees and honey	7
Manufactures, Manitoba and N.W.T.	125
Domestic manufactures	110
Fruit, preserves and pickles	160
Leather and leather works	30
Preserved meats and fish	10
Ladies' work	775
Fine arts	320
Natural history	250
School work	65
Indian special exhibits	65

Entries are now closed, but there are a few more in the office to go through.

The gate receipts at the Winnipeg fair were less this year than last. The entrance money was greater. There will be a deficit. Deposit accounts of the suspended People's bank of Montreal have been sold at 80 per cent. and afterwards at 60 per cent. Premier Mowat's parents came to Canada from Caithnessshire, Scotland. Sir Oliver was presented with the freedom of the town of Wick during his recent visit there.

Hon. Geo. E. Foster, minister of finance, is said to be in danger of defeat at the coming election in York, N. B., on account of the remedial legislation promises of the government.

Battleford Herald: Apple trees of the Wealthy variety have passed through five winters without special protection from cold, but they have been very much retarded in their growth by the annual attacks of jack rabbits.

Battleford Herald: An unusually great number of large gray squirrels are to be met with in the vicinity of the town this year, the vermin apparently following out a vigorous migration policy. They are much more destructive than their voracious little cousin the gopher; and the field or garden they settle in will soon show the effects of their presence.

A Free Press Ottawa telegram of July 29, has the following: "It is a well known fact that Foster had intended asking parliament last session to vote an additional subsidy of \$100,000 per annum to the Canadian Pacific railway. It is stated to-day that an order-in-council has just been passed ordering the payment of the subsidy, to be ratified by parliament next session in supplementary estimates for 1895-96." This is probably the price of the Free Press flop.

Winnipeg Commercial, July 27: "The most marked feature this week is the stir in the labor market, due to beginning of the hay harvest, to be followed soon by grain harvesting. Farm hands are in demand, with the present prospect of a scarcity later on, though a good many men are coming in from eastern Canada to work in the harvest. Wages offered range from \$20 to \$35 per month with board."

The Duke of Argyll was married on July 30th, to Miss Ina McNeill, formerly lady of the bed chamber to the Queen, and cousin of Sir John McNeill, who married the Duke of Argyll's sister. The ceremony took place at the palace of Ripon and was performed by the Bishop of Ripon, who is a cousin of the bride. The wedding was a quiet one owing to the recent death of Lord Colin Campbell, fifth son of the Duke of Argyll.

In June, 1895, the gross earnings of the C. P. R. were \$1,512,862, working expenses, \$915,962; net profits, \$596,900. In June, 1894, the net profits were \$435,957; and for the six months ending June 30th, the figures are as follows: Gross earnings, \$7,566,233; working expenses, \$5,017,404; net profits, \$2,548,829. For the six months ending June 30th, 1894, was a net profit of \$2,285,231. The gain in net profit over the same period last year is therefore, for June, \$160,943, and from January 1st to June 30th, \$253,593.

The Calgary Tribune heads the following item, "More pay for Regina: A letter has been sent out by the executive committee to the members of the legislative assembly, asking them to bring with them to the approaching meeting of the assembly, an estimate of the public works required in each constituency. The idea appears to be to make a change in the expenditure of public money by the establishment of a public works department at Regina, under whose control all expenditure in this connection shall be made, and to place the responsibility for the maintenance of roads and other small works upon the statute labor and fire districts. At the present time there is not a statute labor district in Southern Alberta."

The division of parties in the new British parliament is as follows: Conservatives, 341; Liberal Unionists, 70; Government total, 411. Liberals, 174; McCarthyites, 70; Parliaments, 13; Labor, 2; total Opposition, 256. This gives the Government a majority of 155. The straight Conservative majority over all other groups combined is 12. The Conservative and Liberal Unionists' net gain is 90 seats. This majority is the largest any government has had with in the memory of the present generation. The aggregate vote in the contested elections in Great Britain was as follows: Conservatives and Liberal Unionists, 1,725,455; Liberals, 1,628,247; Labour, 50,566; Total, 3,404,268. One hundred and fourteen of the Unionist candidates for Parliament were returned unopposed.

Battleford Herald: Mr. Breden and party, land examiners for the Canadian Pacific, were in town this week. They began work north of Carlton, and are proceeding westward. They have to locate half a million acres of land for the grant made to the Pipestone branch. The decision of the government not to make any more land grants was not arrived at any too soon, and it was a most unfortunate thing for the country that the railway companies were not required to take their lands along the line of their roads. Mr. Breden's objective point is Union Lake. He reports the country as being the best watered with springs and spring creeks that he ever saw, with splendid land, a sufficiency of wood, and an unlimited supply of hay—altogether a paradise for ranchers. And the Northwest has to give this magnificent domain to build a road in which it has not even a hypothetical interest.

and will continue the general teaming business under that name. Prompt service. Orders solicited.

JAS. DINNEN,
Office at M. McCauley's stable

LOCAL

THURSDAY'S train brought in two way cars.

Flower show will be held in Robertson hall on Wednesday and Thursday, August 14th and 15th.

JAS. TUGG'S stable, at Long lake, was struck by lightning on Saturday evening. It was slightly shattered but not set on fire.

MRS. HOMME, of Josephburg settlement, east of Fort Saskatchewan, died after a short illness, on Friday, July 26th, and was buried in Josephburg cemetery.

MRS. SINCLAIR, of Deep Creek settlement, east of Fort Saskatchewan, died on Friday, July 26th, after a lingering illness, and was buried in Fort Saskatchewan cemetery.

THE oppressively hot weather of the past few days brought up a smart thunderstorm on Saturday afternoon which lasted about half an hour. An inch of rain fell and the wind was very high. It is quite likely that heavy crops would be lodged by it to some extent.

W. KNIBB arrived from the Landing last night for hardware to complete two boats he is building there for a Peace river trader. The derrick of the government oil boring outfit blew over in a storm on Friday night, causing a temporary suspension of operations. He heard nothing of oil having been struck by the party.

A social dinner was given by the gentlemen of the Presbyterian church choir to the ladies of the choir and friends in Honour's hall on Friday evening. The party assembled at 7:30 p.m. and at 9:35 the dinner was served. A. G. Randall, leader of the choir, was chairman and Alex. Taylor vice-chairman. After dinner short addresses were given by the chairman and by Rev. D. G. McQueen, pastor of the church. A short musical programme followed: "Piano solo, Mrs. McCauley. Song, 'Her eyes don't shine like diamonds.' Mrs. F. Ross. Song, 'The Happy Three.' B. McIntyre. Piano duet, Miss Maggie and Mr. Alex. McCauley. Song, 'Taken in Two.' A. G. Randall. Vocal duet, 'Oh wert thou in the cold blast.' Messrs. McIntyre and McCauley. Song, 'The latest news in town.' A. E. Foster. Piano solo, Miss Richardson. Song, 'At the ferry.' Miss Adamson. Song, 'Bonnie Mary of Argyle.' W. McAdam. Piano solo, Miss Annie McLeod. After the programme social games were played until about twelve o'clock when the proceedings were closed by singing 'Auld Lang Syne.'

ADDRESS BY LADY ABERDEEN.

In view of the visit of Lady Aberdeen the local council of women have decided to hold a public meeting this evening in Robertson Hall. The meeting will commence at 8 o'clock at which time all members of the local council are requested to be present. It is expected that Her Excellency will deliver an address at a quarter to nine at which time the ladies of Edmonton, who are not members of the local council, are cordially invited to be present. It is proposed that a collection will be taken up to defray expenses.

PRESBYTERIAN CHURCH ORGAN.

The new organ in the Presbyterian church is manufactured by the Bell Organ & Piano Co. of Guelph, Ont. It has two manuals, and pedal attachments; 23 stops, and grand organ; 4 composition pedals, 15 sets of reeds (7 in treble, 6 in base, and 2 in pedals). The stops are:

Swell organ: bass—violetta, 2 ft. pitch; Fagotte, 8 ft. pitch; saxhorn, 4 ft. pitch. Treble, euphone, 16 ft. pitch; cremona, 16 ft. pitch; Adolian, 8 ft. pitch; piccolo, 2 ft. pitch.

Great organ: bass—Diapason, 8 ft. pitch; viola, 4 ft. pitch; dulcet, 4 ft. pitch; bourdon bass, 16 ft. pitch. Treble—melodia, 8 ft. pitch; flute, 4 ft. pitch; celeste, 8 ft. pitch; bourdon treble, 16 ft. pitch.

Pedal clavich full 30 notes C. C. C. to F.—Bourdon, 16 ft. pitch; violone, 8 ft. pitch. Mechanical stops—Forte, vox humana, octave coupler, swell to great, swell to pedal, great to pedal.

Mr. Randall has tested the organ and pronounces it to be perfect in every particular with one exception, viz. want of volume. This, however, can be remedied, and the manufacturers have been requested to send two new sets of reeds, viz. "Trumpet" and "Violoncello" or "Clarinet" to take the place of "Bourdon Treble" and "Euphone" reeds at present in the organ.

FAREWELL SOCIAL.

A farewell social to Oliver May, late leader of the Edmonton fire brigade band, was given by the ladies aid of the Methodist church in connection with the Epworth league on Friday evening. At the conclusion of the regular meeting of the league, ice cream and cake provided by the ladies aid, were served. When the refreshments had been disposed of C. W. Mathers who had conducted the league meeting, took the chair, and in a few words announced that the object of the social was to give a farewell to Mr. May, who had been a valued member of the league for a long time. He expressed the regret that all felt at Mr. May's departure and the hope and belief that he would find friends and success wherever he might go. The following address from the Methodist church was then read by Mrs. Stuber: To MR. OLIVER MAY.

DEAR BROTHER—It is with feelings of pleasure and pain that we as a congregation present you with this address: of pleasure because we know that it will give you pleasure to look upon it in after years wherever your lot may be cast, and of pain because it heralds the tidings that we will soon have to bid you adieu. Time can only bridge the social gap that will be made by your departure, and we doubt if it ever will be as fully filled, by another. It would be superfluous for us to recount the benefit you have been to all branches of our church work here; the benefit has been too apparent to require comment. You have always held untarnished your high standard of Christian morality in our town, and have sustained your reputation as one who "feareth God and escheweth evil." We cannot help but congratulate the people with whom you are going to associate in gaining one whom to know is to esteem and love. To say you will be greatly missed only half expresses what it really means. Your willingness to do what ever you could has been highly appreciated by us and we trust that you will be long spared to work in the Master's vineyard, and use your earnest and

musical abilities for the glory of God as you have done in the past. If in this address we have successfully conveyed to your mind our high appreciation of your services as a church member and our sincere regret at your departure, it will have fulfilled its mission. If ever you are again permitted to return to Edmonton be assured of the right hand of fellowship.

Signed on behalf of the Methodist church.

G. W. DEAN, Pastor.

MISS L. TAYLOR, President Epworth League.

C. W. MATHERS, Supt. of Sunday School.

Edmonton, August 1st, 1895.

A song, "Remembrance" by Mrs. Hockley followed.

An address from the Royal Templars was read by W. T. Henry.

Song, "Down by the river," E. Raymer.

An address from the choir of the Methodist church was read by Dr. Goodwin, and a gold watch chain was presented by Miss Phillips.

Cornet solo, Mr. May.

The proceedings were closed by singing, "God be with you till we meet again."

VICE-ROYAL VISIT.

Lord and Lady Aberdeen will arrive on to-night's train in their private car. Major Griesbach, A. D. C., accompanies them. Lady Aberdeen will address the members of the local council of women at 8:30 in Robertson hall. To-morrow their excellencies will visit Stony Plain Indian agency, with police escort, and on Wednesday they will visit Fort Saskatchewan also with escort.

HOTEL ARRIVALS.

Queen's—Harry Knowles, Niagara Falls; Dr. Miller, Geo. McKelvie, Hamilton; Mrs. Calder, Prince Albert; J. Alden Loring, naturalist department of agriculture, Washington, D. C.; J. A. Hallis, Calgary.
